SORRY, WE ARE NOT OPEN FOR VISITORS.

(March 8 thru June 15, or until superceded) Call, email, text or see Web site. **2024 PHOTO SUPPLEMENT** available.

Thank you for viewing this Spring 2025 Retail List. Since downsizing, in our limited space, we have a smaller but more select list of plant offerings, mainly in smaller sizes. Notable exceptions are: **C. Triumphans 4N & C. Luminosa 4N**, now established in 3.5" pots. They are good sized, vigorously growing & we expect first blooms in approximately 1-1/2 years. **C. amethystoglossa & C. aclandiae** are smaller, but also established in 3.5" pots. There has been a lot of interest & anticipation for these outstanding plants.

Because I am not always around or available to handle random walk in customers, I don't usually allow nursery visitors. This has led to some speculation that our business has been terminated. That is hardly the case, since we have our own breeding program, our own orchid lab & are continuing to produce our own select plants. We have spent 43 years building the trust and following of customers world-wide ... of course, besides growing in reputation, we have also gotten older. But as I have mentioned here before, I will let you know firsthand when we decide to close up shop.

Our **Special Plants List** is not yet available. Some plants have been included in this Retail List, as Few of a Kind Items. Premium prices for some plants on the List reflect their quality & rarity. All plants are subject to prior sale. No discounts for plants on this these limited item plants. Please email in to request Special List ... but don't hold your breath. I will send by return email. Thank you, Harry.

Please don't leave text messages without your name.
